## Vesta™ Series

The Vesta™ seating line excels in justice environments due to its robust and minimalist design. The sweeping form fully contacts the floor removing contraband concealment areas and ligature points. Modern style, combined with carefully studied color options, can help humanize spaces for the mental well-being of staff, visitors, and inmates.

## Robust Durability

Vesta is roto-molded and tamper-resistant to help create ultra-secure spaces. Vesta is able to be ballasted to prevent lifting and throwing. Available in Guest and Lounge and come in arm and armless, with and without upholstery.

### Seat Colors

## Forté® Guest Series

Our guest chairs are made of one-piece rotationally-molded polyethylene and are manufactured with ergonomic contours that provide comfortable support. These chairs are pitched slightly forward and allow for comfortable sitting at tables.

Extremely durable, one-piece rotationally-molded polyethylene seat is impervious to fluids and incredibly impact resistant.

Generous seat width coordinates for proper ergonomics and easy egress.

Engineered to Endure. Dynamic drop tested to a relative impact force of two times BIFMA 5.4 15.4.2 and 750 lb static load while also Cal TB133 compliant.

Seamless, chemically resistant surface is easy to clean and sanitize.

Tamper-resistant steel encased floor glides for floor protection.

Premium TruColor™ material is fully compounded for superior color consistency and durability.

Molded-in steel threaded inserts provide secure steel-to-steel connections and optional ganging side-to-side.

Molded in access port with threaded screw cap for sand ballast weighting capability. \*Plinth Base Only

## Hondo Nuevo® Series

A line of unique furniture that combines superior durability, comfort and style and that includes chair, bench and wedge options that allow for flexible, modular seating arrangements. Hondo Nuevo® is specially designed for facilities where robust products are a must.

Comfortable lumbar support and ergonomically correct style for comfort and easy egress.

Extremely durable, 1/4" thick rotationally-molded skin is impervious to fluids and puncture resistant to 184 lbs.

3 lb density polyurethane foam filling for cushioned comfort.

Seamless chemically resistant surface is easy to clean and sanitize.

Premium TruColor™ material is fully compounded for superior color consistency and durability.

Meets the stringent ANSI/BIFMA X5.4-2005 furniture standard, dynamic drop tested to a relative impact force of two times BIFMA 5.4 15.4.2 and 750 lb static load while also Cal TB133 compliant.

## Testing Strong

Hondo Nuevo® is compliant with multiple flammability standards, including CAL TB133, as well as the rigorous BIFMA 5.4 durability standard for lounge seating. It also is GREENGUARD and GREENGUARD Gold Certified after stringent testing showed it to be in compliance with the low emissions standards set by UL Environment for indoor facility use.

## Robust Durability

Smooth, exterior surface is impervious to fluids and highly puncture resistant, yet easy to clean and sanitize. Fabricated drip edge allows moisture to run off the chair and not into the base.

# Wink™ Lounge Series

This is Wink™, an envisioned lounge chair with attitude, aesthetics and durability to boot. It's a cure for the ordinary, with a wide array of colors and fabrics to choose from. It's cool. It's hip. And its bold curves make other chairs seem... well ... square.

## Seat Colors

# Toughcare® Series

The Toughcare® Series chairs are designed and engineered for critical environments, high traffic areas and intensive use applications. These chairs are rotationally-molded in one-piece and use high-impact polyethylene with UV stabilizers to reduce fading. Toughcare® chair products can be ganged together, bolted down or weighted on-site for added security. All products compliant with the stringent California Technical Bulletin 133 Flammability Test procedure.

## Seat Colors

## Affinity

Affinity combines a metallic silver frame with hundreds of seat and back options. Available with or without arms, and optional upholstered or wood back, the chair makes a great companion to the broad assortment of Norix tables. Contrasting fabrics are available for an even more dynamic look. The elegant appearance of Affinity lends itself extremely well to lobbies, visitation, and staff areas.

Optional upholstered or wood backs. Wood backs available in either Maple (shown) or Walnut color.

SEE / SAMPLE / SPEC

# Integra Armless

Integra chairs are specifically designed for intensive use applications, yet comfortable and lightweight. They're molded in one-piece so you don't have to worry about assembled components coming loose. They're stackable and they pass the rigid California Technical Bulletin 133 Flammability Test.

Each chair weighs only 7 lbs so stacking 15 of them in a seven foot high space is easily accomplished.

Unique leg shape and 1 ½" deep "X" ribs molded into the seat bottom for superior strength.

Molded from high-impact grade copolymer polypropylene with fire retardant additives. Passes the rigid California Technical Bulletin #133 Flammability Test.

# Progress Seating

Progress is a passive ergonomic stackable chair. With a living hinge molded into the backrest, Progress is designed to supply a high level of back comfort in both upright and relaxed sitting positions. With or without upholstery, the Progress chair looks good in any environment. Pick from many different fabric grades to go with black legs and you have an attractive combination to accent a training room, a lobby or an office.

Living hinge for comfortable back flex.

One-piece injection-molded high-impact grade copolymer polypropylene.

Stacks 12 chairs high in 80".

Secure fitting leg without mechanical hardware.

Legs are powder coated black aluminum.

Engineered to Endure. Tested to 500 lb static load and passes the stringent ANSI/BIFMA X5.1 furniture test.

## Gibraltar™ Series

At last, a collection of in-line seating that delivers intensive-use security and durability in a sleek, contemporary design. Gibraltar™ is designed to survive the rigors of continuous use – and look great doing it.

Heavy duty flat steel plate welded to the frame at each seat location to provide strength, support and a mounting platform on which the seat is securely attached.

Premium TruColor™ material is fully compounded for superior color consistency and durability.

Extremely durable one-piece molded polyethylene seat and back. Smooth, seamless non-absorbent surface is easy to clean.

2" diameter, 14 gauge tubular steel, bent and welded to provide arm or armless in-line seating. Standard configurations for 1 to 4 people.

Engineered to Endure. Dynamic drop tested to a relative impact force of two times BIFMA 5.4 15.4.2 and 1000 lb static load while also Cal TB133 compliant.

## Boulder™ Series

Norix Boulder™ Series Beam Seats have been in use in lobbies and waiting areas throughout the world ... and are still going strong and looking good. Why? Because they're built to last, with powder coated tubular steel frames, welded steel plate seat supports, washable molded polyethylene seats, super heavy-duty glides and 9 tamper-resistant screws to hold each seat in place.

Tamper-resistant floor protecting glides (or bolt-down).

Flat steel plate welded to the frame at each seat location to provide strength, support, and a mounting platform on which the seat is attached.

Engineered to Endure. Dynamic drop tested to a relative impact force of two times BIFMA 5.4 15.4.2 and 1,000 lb static load while also Cal TB133 compliant.

Premium TruColor™ material is fully compounded for superior color consistency and durability.

One-piece seat and back. Smooth maintenance free surface allows for easy cleaning. Molded-in threaded steel inserts provide for tamper-resistant attachment to base frame.

# Kids Furniture

Visitation and nursery areas inside the walls of justice require careful consideration in furniture selection. Norix kids furniture surpasses expectations in its ability to both be secure, and invite the curiosity and play of the little ones amongst us. Hex-It™, A-Maze™, and Elle provide the necessary outlet for play with fun shapes and colors but do not sacrifice the needed security of justice facility furniture. Increasingly, progressive facilities are investing with Norix kids furniture to help make difficult settings more friendly and compassionate for families of inmates.

45 lb density M3 grade particle board, with embedded T-nuts for securing the top to the base.

One-piece seat and back. Smooth, non-absorbent surface is easy to clean.

Ergonomic seats provide back support and swivel for easy access and egress.

Tested to 1,000 lb static load.

Molded-in threaded steel inserts provide for tamper-resistant, steel-to-steel attachment to reinforced seat support plate.

Heavy-duty cluster seating. Designed and engineered specifically for intensive-use environments such as dayrooms and dining areas.

Premium TruColor™ material is fully compounded for superior color consistency and durability.

## Multi-Purpose Series

Most commercial tables are put together with easily removed screws, nuts, bolts, screw-out glides and snap-on parts. Norix created the Multi-Purpose Series of tables specifically to avoid those attributes so you don't have to think about the possibility of injury by altered furniture parts.

Edge is routed to receive glued and pinned black vinyl T-molding. 1¼" thick edge profile.

Heavy-duty construction with commercial grade laminate surface and glued and pinned T-mold edge. Legs fastened to embedded T-nuts.

Product tested to 1,000 lb static load.

45 lb density M3 grade particle board with embedded T-nuts sandwiched with decorative laminate and backer sheet.

12 gauge steel tubes, fully welded and sealed on exposed ends. Glides adjust for leveling, but are tamper-resistant as a security precaution.

## X-Base Series

Years ago, we were challenged to design an institutional-grade table that defined each person's space and hindered the passing of contraband from one individual to another on the opposite side. Our answer was the popular, rugged X-Base Table with its unique "X" base design. Today, the X-Base Table is used in high-security and special needs facilities all across the country.

### Laminates

### Base Color

## Leg Style Series

When you start with 4" diameter 14 gauge tubular steel legs fully welded to ¼" steel mounting plates, you end up with an incredibly strong, stable and durable table. The legs are joined to the top using tamper-resistant screws connected to embedded T-nuts, for a secure steel-to-steel connection. Optional 2½" legs provide an attractive residential alternative. Legs are solid as a rock. The Leg Style Table won't wobble or tip. Lean on it with all your weight. That's peace of mind.

### Laminates

### Leg Color

## Forté® Occasional Series

Freestanding occasional tables can be optionally ganged with lounge seating for intermediate or end tables. Choose one of three base options – wood, steel or molded polymer – and pair with your choice of molded polymer or laminate top with permanently affixed urethane edge. All tops come with embedded T-nuts for a secure steel-to-steel connection.

Bases available in Wood Leg, Steel Leg and Roto-Mold Plinth.

Polyurethane edge is radiused for safety and pressure fused to the top, rendering it firmly attached and highly sanitary. 1 3/4" thick edge profile.

Decorative high pressure laminate is permanently bonded to a core of 45 lb density particle board with embedded T-nuts for securing top to base.

# Custody® Sealed Seam Mattresses

Custody® Sealed Seam Mattresses feature 100% sealed seams that are radio frequency welded and guaranteed not to break – for enhanced hygiene, security and durability.

Norix Blue is a durable mattress with infection control features that make it suitable for daily use in critical environments. It features 100% sealed seams for unsurpassed seam strength and a durable polyurethane coated cover. Day in, day out, Norix Blue will perform well above your expectations.

Available in multiple sizes.

Norix Blue

Silver Secure is the perfect mattress for those facilities needing more durability and security than what is found in your typical corrections mattress. It is constructed with a durable polyurethane-coated cover with reinforcing ripstop scrim, along with enhanced break strength for added security. An applicable product for the intensive-use found in correctional environments.

Available in multiple sizes.

Silver Secure

Black Max is a highly durable mattress and is suitable for the most extreme-use spaces in your facility. That's because the mattress is constructed with 100% sealed seams that are reinforced with maximum security stitching for unsurpassed seam strength. It's also constructed with an extremely impervious, polyurethane coated cover with reinforcing ripstop scrim. All of this makes Black Max highly resistant to constant-use, bodily fluids, bed bugs and other challenges you may find in correctional setting.

Available in multiple sizes.

Black Max

Custody Clear Sealed Seam Mattress is polyurethane coated and sealed with radio frequency welding. The translucent design reduces the capability for contraband storage, and the sealed seams prevent bed-bugs and bodily fluid absorption for greater infection control. The unique densified polyethylene core and upgraded polyurethane coated polyester cover create long-lasting durability well beyond the standard correctional mattress.

Available in multiple sizes.

Clear

Our Marathon mattress is the most durable correctional mattress on the market and can stand up to the most extreme spaces in your facility. Truly innovative, the product has a seamless exterior that is rotationally-molded in one-piece, not sewn or stitched. The rotationally-molded vinyl skin is 200 mm thick and is filled with soft polyurethane foam for comfort. An integrated double-sided pillow adds safety and security while the heavy weight of the product deters it being used as a barrier or weapon. Non-absorbent and fluid resistant. No seams for bedbugs to invade. Like its name implies, Marathon goes the distance.

Available in multiple sizes.

Slate

## Attenda® Series

Correctional professionals have long recognized that traditional furniture is completely unsuitable for their critical environments. The Attenda® Series is designed to provide the strength, safety and cleanability required for the daily rigors of institutional living — in a sleek, contemporary look. The key to Attenda's strength and durability is its advanced construction. Molded-in specially formulated, high-impact, polyethylene, each Attenda® product is structurally enhanced for increased strength and durability. They are solid as a rock, yet feature seamless construction with rounded corners for added safety and security. Each piece is designed to be attached flush to the wall or floor and can be easily sanitized. Attenda's unparalleled performance features make it uniquely suited for constant-use environments.

### Platform Bed

The cornerstone of the collection is the Attenda® Bed — designed and engineered to exceed the expectations of practitioners who have tried everything. The Attenda® Bed mounts in a corner, against a wall or free-standing. Sturdy and seamless, the Attenda® bed features a raised lip around the bed deck for easy clean-up. Optional Restraint Ring kit available. Restraint Rings are designed to be used with ATN 101 beds that are permanently bolted to the floor. An optional wall-mount headboard adds a touch of wood-grained style, with institutional durability.

### Platform Bed Riser

Free-standing or floor mounted bed riser designed to pair with the Attenda® Floor Mount Bed for staff friendly bed height, easy egress and convenient use of a lift device. Optional riser raises 15" sleep surface an additional 8" and features a knock out access port and push cap for ballasting in free-standing applications. Bed fastens securely to riser at the existing anchor locations of the bed (tamper-resistant connecting hardware included). Pairs with ATN100 or ATN101 beds (retrofit capable). Available in Moss or Fossil colors. Platform riser is not designed for use with restraint rings.

## Space-Saver Bed

The Attenda® Space Saver Bed has a smaller footprint to maximize unencumbered floor space in the room. Bolts securely to the floor.

## Space-Saver Bed With Storage

Maximize unencumbered space with the new Attenda® Space Saver Bed With Storage with integrated storage compartments. This floor-anchored bed is rotationally-molded in high-impact polymer, then filled with rigid structural foam for added strength and sound absorption. The Space Saver Bed is safe, secure, anti-ligature and built to last.

## Removable Restraint Ring

The removable restraint ring allows staff the flexibility to quickly install the protective measure only when necessary. With the use of a key, staff can quickly install or remove the restraint ring when circumstances require it. A spacer is installed when the restraint ring is not necessary, which eliminates the ligature point. Restraint rings are intended to be used with beds permanently fixed to the floor.

\*For use on ATN101 only

## Desk & Stool

Advanced construction for intensive-use applications in critical environments. Molded in high-impact polymer, then filled with rigid structural foam. Seamless construction with rounded corners. Easy to clean. Bolt-down installation for safety and security.

## SafeStore

SafeStore Containers and Trash Cans – innovative products that store personal items or house rubbish while limiting hazards and the potential for self-harm in your facility. SafeStore Containers provide a sense of self-determination by allowing those who use them to maintain their possessions in an orderly way, and helps tidy up the rooms when used with open storage shelving. Pairing SafeStore with safety-conscious, open-storage systems allows for orderly management of personal belongings without the risk of dangerous hinges. SafeStore Trash Cans provide facilities a safe alternative to bins that are made of hard materials that create hazards and potential for weaponization.

Color

Black Max

## Open Chest

The Attenda® Open Chest is a particularly effective storage solution for an Attenda® room ensemble. Open compartments provide ample storage capacity while maintaining easy visual inspection. Decorative High Pressure Laminate (HPL) top with durable resin edge is optional.

## Nightstand

The Attenda® Nightstand is the ideal companion piece to the Attenda® Platform Bed. Open compartments provide for accessible storage of personal articles while maintaining easy visual inspection. Attenda's advanced construction delivers unsurpassed performance in critical environments and makes it uniquely suited for intensive-use applications. Decorative High Pressure Laminate (HPL) top with durable resin edge is optional.

## Wall Mount Desk

The Wall Mount Desk is ideal for detention environments in adult and juvenile facilities where optimizing floor space is essential. The product is ADA compliant and is available with or without a decorative laminate top. The product also is molded in high-impact polymer for maximum durability and cleanability and filled with rigid structural foam for sound absorption.

## Wardrobe

Advanced construction for intensive-use applications in critical environments. Molded in high-impact polymer, then filled with rigid structural foam. Seamless construction with rounded corners. Easy to clean. Bolt-down installation for safety and security. Available with and without a door.

## Shelf

The Attenda® Wall Mount Shelves are the go-to solution when free unencumbered space is at a premium. Open cubbies provide ample storage space while maintaining easy visual inspection.

## Titan® Series

Looking for residential furniture that can endure years of intensive-use in your facility's demanding environment? The Titan® Series from Norix – a complete line of steel case goods that combines functional versatility with the institutional durability of all-steel construction. There's no substitute for the strength, safety and durability of steel furniture, and Titan® has emerged as the product of choice in institutional settings. Titan® was designed to perform in the most challenging environments. Titan® is an ideal choice to replace problem wooden furniture. Titan® products are heavy...and heavy duty. You don't have to worry that they'll be invaded by bedbugs, picked apart or broken through intensive-use. Steel stands the test of time, and provides the best value option. Titan® delivers worry-free performance.

## Frame Style Bed

Frame style bed with steel deck mechanically fastened to steel end frames. Available in Bunkable Frame Style Bed or Frame Style Bunk.

## Lift Deck Series

Lift deck bed with recessed padlock hasp and gas springs with dynamic dampening. Available in Lift Deck Bed and Bunkable Lift Deck Bed.

## Panel Base Bed

Available in Panel Base Bed, Bunkable Panel Base Bed and Panel Base Bunk. Steel deck, steel end frames for optional bunking. Ships K.D. Optional headboard, footboard, bunk-locking clamps, bottom closure panel, ladder and safety rails.

## Spring Bed Series

Spring deck bed with deck mechanically fastened to steel end frames. Available in Bunkable Spring Deck Bed and Spring Deck Bunk Bed. End frames have plastic adapter caps inserted into vertical members to allow bunking without additional parts or tools.

## Drawer Locker

The Titan® Drawer Locker is sized to fit underneath Titan® Bunkable Frame Style Beds. The drawer slides are welded to the drawer body and are built with no moving parts. Features a padlock hasp locking mechanism, non-adjustable floor glides, ganging capability and a 2" caster that supports the front of the drawer when open.

## Pedestal Desk & Carrel

Steel desk with non-removable drawers on pedestal and full width pencil drawer. Steel carrel with non-removable shelf. Attaches easily to desk top via pre-drilled holes in bottom of carrel.

## Nightstand

Steel nightstand with two tamper-resistant drawers. Drawers feature padlock hasp locking mechanism. Institutional-grade laminated top. Optional matching laminated drawer fronts.

## Table Desk

Steel desk with institutional-grade laminated top. Includes pencil drawer. Adjustable floor leveler glides.

## Chest

Steel chest with institutional-grade laminated top. Tamper-resistant drawers. Available in 2, 3 and 5 drawer chests. Drawers feature padlock hasp locking mechanism. Optional matching laminated drawer fronts.

## Wardrobe

Free-standing wardrobe with one fixed shelf and safety J-bar for hanging clothes. Integrated recessed finger pull. Adjustable floor leveler glides. Available in Single Wardrobe and Double Wardrobe.

# Detention Furniture

## Ironman® Steel Bunks

Single bunks, Double bunks, Floor-mount or wall-mount. Fully welded or bolt-together with tamper-resistant hardware. With or without attached slide rails for the exclusive Norix property boxes. Constructed for quality and reliability. Not built down to meet a low price.

## Citadel Property Storage

Next generation product from Norix, industry leader in detention-grade furnishings and equipment. Rounded edges for enhanced safety, security and structural integrity.

## Tank Box Property Storage

Specially formulated structural plastic, pound for pound, twice as rigid as steel. Resistant to impact, stains and scratches. Won't rust. Passes CAL TB 133. One-piece, injection-molded, maintenance free construction.

## Cuff Bench

Floor mount steel benches with cuff rings for transit and intake areas.

## Stack-A-Bunk®

Overcrowded facilities and emergency temporary bunking can be a serious problem if you aren't prepared. Most courts have made it unlawful to sleep inmates on the floor. The Norix Stack-A-Bunk® solves the problem with a washable, stackable sleep surface that doesn't have component parts which can be turned into a weapon.

## Floor-Mount Stool

The Ironman Floor Mount Stool provides unsurpassed durability with 11 gauge tubular steel and 1/4" thick steel mounting plates. Available with Super Slammer Stone® seats to match other Norix cell furniture or stainless steel.

## Detention Accessories

### Pistol Locker

Keep your officers' pistols in a locked steel cabinet. Monitor the cabinet if you want to, but the solid construction will convince you that supervision is an option.

### Speaker Port

6" diameter cast stainless steel port provides natural voice transmission. Level III bullet-resistant.

### Package Pass

The stainless steel Package Pass has interconnected doors that operate like a sally port. One door must be closed before the other can be opened. Vision panel in rear door allows operator to view contents of the unit.

### Pass Hopper

Cut, formed and welded stainless steel assembled to fit countertop, window or wall openings. Steel and stainless steel on exposed surfaces. #4 finish stainless steel.

### Ball Clothes Hooks

Single collapsible safety hooks or groups of four with optional 8" deep x 18" long bookshelf. Ball and stem style in stainless only.

## Washroom Accessories

### Towel Hooks

Holds towels or clothing articles safely without the use of protruding pegs or hooks. The surface mounted towel hooks come in stainless steel. Choose from a single towel hook or groups of four.

### ADA Shower Seat

Stainless steel detention-grade recessed shower seat. ADA version meets ADA 4.21.3 & 4.26.3 requirements for L-Shaped Shower Seats.

### Wall Mirror

One-piece #430 stainless steel. Highly polished #8 finish. Two standard sizes: 9 1/2" x 11 1/4" and 11 1/4" x 17 1/4". Mount direct to wall or with an optional 1/4" thick steel backer plate. Optional embed plate also available.

### Toilet Paper Holder

Front mount toilet paper holder is available in easy-to-clean stainless steel.

### Recessed Shelf

No sharp corners or edges protruding from the wall to inflict injury. The chase-mounted recessed shelf comes in easy-to-clean stainless steel.

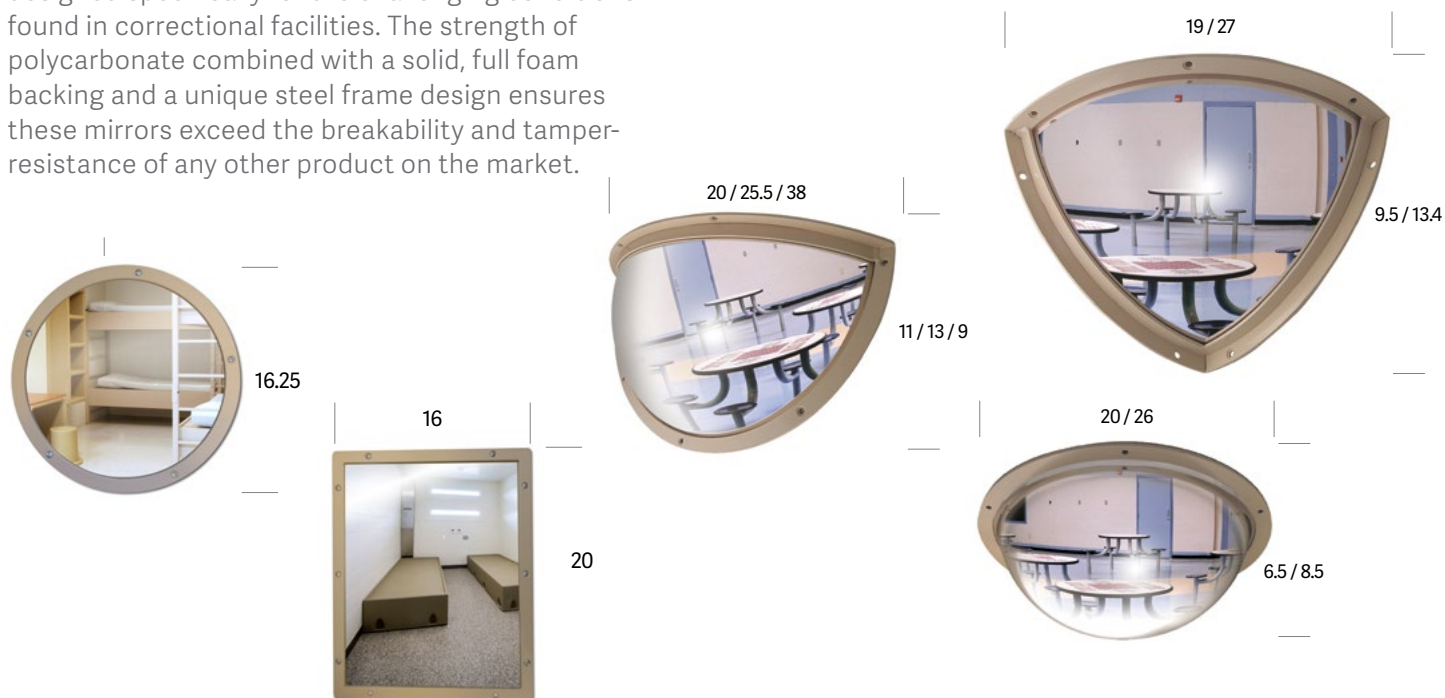

### Security Grab Bar

Safety is the issue and Norix provides the solution. The Security Grab Bar has a safety gap-filler between the round tube bar and the wall. Styles in stainless steel. Standard sizes in 18", 24", 36", 42" and 48". "L" shape bar also available.

# DuraVision™ Mirrors

DuraVision™ polycarbonate mirrors from Norix are designed specifically for the challenging conditions found in correctional facilities. The strength of polycarbonate combined with a solid, full foam backing and a unique steel frame design ensures these mirrors exceed the breakability and tamper-resistance of any other product on the market.

## IntelStation® Series

You've made the decision to implement non-contact visitation to streamline the processing of inmate and visitor contact. Now you need to consider how to protect your investment in the expensive video and voice communications equipment that will be installed in your facility. Norix offers the most complete range of secure cabinets designed, engineered and constructed specifically for non-contact visitation.

### Heavy Duty Laminate

Laminate IntelStation® cabinets are constructed from heavy-duty 45 lb density particle board sandwiched between 0.05" thick heavy duty high-pressure laminate. The "open style" cabinet is suitable for surface mounting your electronic equipment or telephones. Choose wall-mount or floor mount units, with or without attached seats.

### Stainless Steel

The same configuration options offered in the laminate versions are also available in 12 gauge stainless steel cabinetry. Top section and minimized writing surface are sloped to discourage placement of drinks and cups.

## Norix Installation Services

Norix correctional furniture is safe, secure and built to last ... providing outstanding long-term value and peace of mind for your staff. For facilities not using contractors or consultants, it makes sense to reinforce the benefits of the furniture with a installation from Norix.

### Benefits of Installation Services:

- Expert installation services, performed by professionals experienced in all facility installations.
- Complex installation capabilities, including field drilling into concrete, secure bolt-down and application of security caulk.
- All labor, installation hardware and materials included.
- Seamless transaction on same purchase order as furniture.
- Reinforces product warranty.

AT NORIX, WE DESIGN INNOVATIVE, ROBUST FURNITURE  
THAT MEETS THE REAL-WORLD NEED FOR HUMANIZING  
CHALLENGING ENVIRONMENTS.

Individual attributes vary by product. See specification sheet for details.
